That all of said wells have previously been placed in the status of temporarily abandoned wells in accordance with Rule 400-1-3-.06(2) of the *State Oil and Gas Board of Alabama Administrative Code* for a period of six (6) months and said six-month period will expire on May 21, 1999.

#### **III.**

That Taurus Exploration, Inc. submits that it does not currently plan to plug and abandon these coal degasification wells because they may have future utility in that Taurus may complete some or all of the aforementioned wells and, when completed, some or all of the said wells may be capable of producing occluded natural gas or methane from the Pottsville Coal Interval.

#### **IV.**

That the above-mentioned wells have future utility and, therefore, the temporarily abandoned status of the wells is due to be extended.

## CONCLUSIONS OF LAW

### V.

Based on the Findings of Fact and Conclusions of Law set forth hereinabove, IT IS THEREFORE, HEREBY ORDERED, ADJUDGED AND DECREED by the State Oil and Gas Board of Alabama that the Petition be GRANTED.
